

AGENDA

Freedom Industries, Inc. and WV Department of Environmental Protection

April 9, 2014

1. Introductions
2. Update of Status per Consent Order 8034 – Residuals and Wastewater
3. Potential Sale of Poca Facility
4. Wastewater Management Issues
 - a. Poca – MCHM-impacted water being sent to Vickery for UIC disposal
 - b. Trial runs started this week with three commercial facilities (Shamrock, EnviroTank Clean, and Triumverate)
 - c. Treatability Report
 - d. Upgradient collection trench water – ability to bypass
5. Status of Water Quality Sampling & IRM Activities
6. Transfer of Permits/Authorizations
7. Tank Decommissioning Plan
 - a. 6 fiberglass tanks – Preservation Order entered by the Court on April 4th and work started on April 7th
 - b. Tanks 395, 396, and 397 – CSB and plaintiffs Preservation Order entered on April 4th and work is anticipated to start soon
 - c. Steel Tanks – competitive bids should be in hand within 2 weeks – will still need Preservation and Retention Order from Court
 - d. Desire to revise Tank Decommissioning Plan – demolish all tanks North of Tank 403 (leaving Tanks 403, 404, and 405 for water storage)
 - i. Steel tanks to be demolished in “one phase”
 - ii. Enhance secondary containment around Tanks 403, 404, and 405 by improving structural integrity of Northern Inside Wall (e.g., with earthen berms) and coating inside walls with cost-effective, waterproof material (e.g., roofing cement or epoxy)
8. Remediation Plan – will begin implementation as soon as tanks removed
9. Continuing Need for Cost Controls
10. Other?
